CHÂTEAU RECOUGNE

Château Recougne is the Xavier Milhade family's historic property and home to four generations since 1938 who have cultivated the vines and made wine: Damase and Marie... Jean and Hélène... Xavier and Agnès... now their children Marc and Elodie... and in the future...

The work done over several years has positioned Château Recougne as one of the key estates for Bordeaux Supérieur Red wines. Each generation has made its contribution, modelling the vineyards, maintaining the vines, experimenting...

The vineyards are planted around the château and cover 100 hectares (a further 20 hectares added in 2015) 90 of which produce red AOC Bordeaux Supérieur wines, the other 10 producing Bordeaux White. Château Recougne is a welcoming place with family values, a place where many a convivial moment is shared.

Xavier and Agnès moved back in in 2010 and have brought new life to the magnificent building and the grounds with their hundred-year-old trees. It's also the headquarters of the family company, housing the offices and part of the logistics. Today, Marc runs the vineyards and his sister Elodie the sales company.

The wines : Château Recougne, Château Montcabrier, Le P'tit Recougne.
