BOUTISSE

SAINT-ÉMILION GRAND CRU

2020

Reinvention for **Baron de Boutisse** to get closer to Château Boutisse and associated values.

The Chateau and the view, with a **SLEEK** look, reflections of an approachable and friendly wine.

The **GREEN** echoes the color of the singular roof of the existing building. Color that resonates with our philosophy and practices.

The estate is HVE3 certified since 2017 and we are committed to Organic Conversion since 2019.

Baron

The letters of the word **BARON**, like traced by the hand of the winegrower, remember the family know-how and our identity.

BOUTISSE

The name **BOUTISSE** embossed, like an imprint in the stone making up our terroir.

The boutisse is a carved stone that is placed in a wall along its length, in order to show only the smallest piece as a facing.

PLOT SELECTION

FROM CHÂTEAU BOUTISSE

Baron de Boutisse is a plot selection from the Coteau des Bardes, of the family estate Château Boutisse. The vineyard covers 9 hectares of clay-limestone hillsides in the Saint-Émilion Grand Cru appellation.

We have great respect for the terroir and provide very meticulous attention in all the practices in the vineyard, especially in the work of the soil.

The estate is HVE3 certified since 2017 and we are committed to Organic Conversion since 2019.

These plots of Château Boutisse produce an approachable Saint-Émilion Grand Cru, which will offer a lot of fruit, while keeping the style and elegance of its elder. A wine that will be very easily enjoyed in its youth.

**"It's truly a wine for pleasure,
a wine to share."**
